FROM THE VICAR'S DESK

FREEDOM AND RESPONSIBILITY

Key verse: Stand firm therefore in the liberty by which Christ has made us free, do not be entangled again with a yoke of bondage. Galatians 5:1

What is freedom? It is the spontaneous urge to do the right things at the right time and the ability to do so – not how our own ego tempts us to do. While acts of evil entangle us in its will and make us slaves, letting divine love flow through us will make us happy and satisfying. Jesus said, "Truth shall make you free." The truth is that we are created by God for us to do good for God; always treating others, without any distinction, as our brothers and sisters, thereby striving for a perfect world that God loves and abides in.

This Truth became flesh in human form in Jesus Christ: so, it is Jesus who sets us free. He offers this freedom through His Cross, and He paid the ransom price fully with His life, thereby facilitating us to enjoy and exercise this freedom. But freedom to do what?

Gal 2: 19, 20 says, "I am crucified with Christ. It is no more I that live; Christ lives in me. The life that I now live is by faith..." We should be servants not by compulsion, but by our spontaneous response to the love shed forth on Calvary. Because of our service to the Lord, we are servants of others – in all spheres of activity – giving our best.

This should be our goal on a national level. Gandhiji said, "I want the freedom of my country so that other countries may learn something from my free country, so that the resources of my country may be utilized for the benefit of mankind." Thus, as individuals, families, and communities, our role is to truly offer ourselves at the foot of the Cross, to die for others. "Were the whole realm of nature mine, that were an offering far too small." God first, others second, and I last is true freedom with responsibility!

With love and prayers,

Rev. Shaji Kochummen shajikp2000@rediffmail.com

YOUTH CHAPLAIN'S CORNER

Dearly Beloved in Christ,

As we welcome the fifth month of the year, it is a time when many of our youths are facing exams. As we look into the first week of the May 2022 lectionary, we understand that the theme is: "Dignity of Labor and Divine Commissioning".

Our life is full of labor. If we are students, we are laboring; if we are workers, we are laboring. Labor is tiring, but it is part of life.

The question is, "For whom we are laboring?" This is what matters. Especially as students during this season of studying, why and for whom are we studying?

In the Gospel portion for May 1(St. John 21:1-14), we see that the disciples were fishing and toiling all night but still they caught nothing. They were not able to see the results of their work. When we do not see the results of our labor, it hurts us, and it is frustrating. We would feel like giving up. But the Lord saw them and told them to set the net out again, and this time they caught an overwhelming number of fish, and it was great!

We should also persevere in our life and keep trying without losing hope. There will be seasons of failures, but if we know we are laboring for the Lord, and not for ourselves, then in His time we will see how much of a blessing we are. We must just commit ourselves to being faithful to God as He has always been faithful to us.

This month [May] we will be having our Fifth Sunday NERYF Praise and Worship night at the Epiphany MTC on May 29th, 2022, at 5:00 P.M. Our love and prayers go out to all our youths taking the finals. We are awaiting a well-deserved summer break to see all of you.

God bless everyone and have a blessed May!

Much Love,

Jess M. George Achen

SECRETARY'S CORNER

Dearly Beloved in Christ,

Opinion surveys have become increasingly common in recent years. Polls are commonly used by content creators on various social media sites. Based on the results of the polls, people choose their attire for the day, cook supper, or travel. We place a high significance on other people's opinions.

But, regardless of what others think, understanding one's position in God and/or Christ Jesus should the core principle of our Christian existence. God transforms our standing or perception through His Son because of God's goodness and grace. According to Ephesians 2:6-7, we are what we are because of "the incomparable riches of His grace."

What exactly is God's grace? "God's riches at Christ's sacrifice" or "God's unmerited love and mercy" are two typical definitions. The riches of God's grace provide us with a new position in Christ, which makes all the difference in leading a life of purpose and fulfillment. Most of the New Testament letters written by the Apostle Paul make a clear difference between what God has done for us via grace and how we are to live in light of that knowledge.

As the church is multigenerational, each generation has its own unique perspective on what matters most to God and grace. The demand for authenticity, goals, flexibility, efficiency, or even important community activities all contribute to this image. I believe that the key thing is that grace permits us to grow in our relationship with God. The church allows us to grow and develop our relationships. I'll leave you with Jeff Bezos' words: "What's dangerous is not to evolve."

The three-month contribution list has been placed in members mailboxes.

In Closing

D. L. Moody once observed that most people's prayers should be "cut off at both ends and set on fire in the middle." People who pray as if this has been done not only persist in faith, but also persevere through life. Persistent prayer is the very essence of the life of faith.

Blessings and prayers,

Anyone can be a target for cybercriminals, and there are a variety of ways that attacks can occur. Avoiding scams and predators online is critical for anyone that spends time online, but even more for seniors. Few tips to keep yourself secure in today's online world

- > Create passwords and make them strong. Lock all your devices including computers, tablets, and smartphones with secure passwords.
- Secure access to your accounts. Since passwords can be stolen, adding two-step authentication to accounts provides a second layer of protection.
- Think before you act. Emails and communications that create a sense of urgency, such as talking about a problem with your bank account or taxes, are likely scams. Consider reaching out directly to the company by phone to determine whether the email is legitimate. If an email looks unusual, even if you know the person who sent it, it's best to delete it. Remember that scammers can commandeer friends' email addresses and send you messages posing as them. Turn on spam filters for your email account to help filter suspicious messages.
- Use security software. Install security software on your devices from a reliable source and keep it updated. It is best to run the anti-virus and anti-spyware software regularly.
- ➤ Be wary of security updates from pop-up ads or emails. They may be malware that could infect your computer.
- ➤ Ignore unsolicited phone calls and "robocalls." Keep in mind that government entities, such as the IRS, will never call you asking for sensitive information. And technology companies won't call you out of

the blue to offer you technical support or assistance. Avoid giving money to someone over the phone, especially wire transfers, gift cards, and fines or bail. When you start hearing that recorded voice, the best thing to do is to say nothing and just hang up.

Log out. Remember to log out of apps and websites when you are done using them. Leaving them open on your computer screen could make you vulnerable to security and privacy risks
